FOR IMMEDIATE RELEASE

Grace Management, Inc. Announces Madelyn Hill As New Operations Analyst

Maple Grove, MN – June 19, 2024—Grace Management, Inc. is pleased to announce that Madelyn Hill, a recent graduate of Cornell University’s prestigious Nolan School of Hotel Administration, will join our team as our Operations Analyst. Madelyn will bring her extensive background in senior housing and passion for integrating healthcare and hospitality to our organization.

Madelyn graduated with a Bachelor of Science in Hotel Administration and a Minor in Healthy Futures. During her time at Cornell, she distinguished herself through her commitment to senior housing and her involvement with the Cornell Institute for Healthy Futures (CIHF). Her academic achievements, coupled with hands-on experience, make her an excellent addition to the Grace Management, Inc. family.

“We are thrilled to have Madelyn join our team,” said Brian Storey, Senior Vice President of Operations at Grace Management. “Madelyn’s dedication to the senior housing sector and her strong academic and professional background align with our mission to provide exceptional senior living experiences. We look forward to her contributions and the fresh perspective she will bring to our operations.”

Madelyn’s previous roles include a summer analyst position at RSF Partners in Dallas, TX, where she developed financial models for senior living acquisitions and multiple internships with Loveday & Co. in London, England. These experiences have equipped her with a robust understanding of market dynamics, financial analysis, and operational excellence in the senior housing industry.

In her new role at Grace Management, Inc., Madelyn will focus on financial analysis, operational analytics, and supporting the operational teams to ensure the highest standards of performance and resident satisfaction. Her responsibilities will include developing and distributing KPI reports, conducting detailed financial analyses for senior housing projects, and collaborating with operational teams to identify and implement data-driven improvements.

Hill expressed her enthusiasm about joining Grace Management, stating, "I am excited to join Grace Management and continue pursuing my passion for senior housing. My education and experiences have prepared me well for this role, and I look forward to contributing to the team and enhancing the quality of life for our residents."

About Grace Management, Inc.

Grace Management, Inc. (GMI) was established in 1984 to develop, market, and manage residential communities for seniors. GMI combines sound fiscal and operational management, adherence to ethical standards, and dedication to the long-term satisfaction and quality of life of all residents and associates.
